VIVUS, INC.
PROXY STATEMENT FOR THE 2005
ANNUAL MEETING OF STOCKHOLDERS

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy is solicited on behalf of the Board of Directors of VIVUS, Inc., a Delaware corporation (also referred to herein as the Company or VIVUS), for use at the Annual Meeting of Stockholders, or the Annual Meeting, to be held on Wednesday, June 15, 2005, at 10:00 a.m. local time, or at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at 1172 Castro Street, Mountain View, CA 94040.

These proxy solicitation materials and the Annual Report to Stockholders for the year ended December 31, 2004, including financial statements, were first mailed on or about April 26, 2005 to all stockholders entitled to vote at the Annual Meeting. The Company's principal executive office is located at 1172 Castro Street, Mountain View, CA 94040, and its telephone number is (650) 934-5200. Our website is www.vivus.com, and we make our current and periodic reports that are filed with the Securities and Exchange Commission ("SEC") available, free of charge, on our website as soon as reasonably practicable after such material is electronically filed with, or furnished to, the SEC.

Record Date and Shares Outstanding

Stockholders of record at the close of business on April 15, 2005, or the Record Date, are entitled to notice and to vote at the Annual Meeting. At the Record Date, approximately 44,473,557 shares of the Company's Common Stock, par value \$0.001, were issued and outstanding and held of record by approximately 4,425 stockholders. At the Record Date, the Company did not have any shares of Preferred Stock outstanding. The Inspector of Election appointed for the Annual Meeting will separately tabulate the affirmative and negative votes, abstentions and broker non-votes.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Secretary of the Company, or to the Inspector of Election at the Annual Meeting, a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

Voting and Solicitation

Each stockholder is entitled to one vote for each share held as of the Record Date. Stockholders will not be entitled to cumulate their votes in the election of directors.

The Company will bear the entire cost of soliciting proxies, including the preparation, assembly, printing, and mailing of this Proxy Statement, or the Proxy, and any additional solicitation material furnished to stockholders of the Company. Copies of solicitation material will be furnished to brokerage houses, fiduciaries, and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation material to such beneficial owners and the Company expects to reimburse the corresponding forwarding expenses. The Company may elect to retain the services of a third party to solicit proxies, for which the Company estimates that it would pay a fee not to exceed \$15,000.

Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, in person or by telephone, facsimile, letter or electronic mail.

Quorum; Abstentions; Broker Non-Votes

Holders of a majority of the outstanding shares entitled to vote must be present, in person or by proxy, at the Annual Meeting in order to have the required quorum for the transaction of business. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the Inspector of Election to determine whether or not a quorum is present. If the shares present, in person and by proxy, at the meeting do not constitute the required quorum, the meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum.

Shares that are voted "FOR," "AGAINST" or "ABSTAIN" are treated as being present at the meeting for purposes of establishing a quorum. Shares that are voted "FOR," "AGAINST" or "ABSTAIN" with respect to a matter will also be treated as shares entitled to vote, or the Votes Cast, with respect to such matter.

While no definitive statutory or case law authority exists in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal, other than the election of directors. In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

Broker non-votes (i.e., votes from shares held of record by brokers as to which the beneficial owners have given no voting instructions) will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast. Thus, a broker non-vote will make a quorum more readily obtainable, but the broker non-vote will not otherwise affect the outcome of the vote on a proposal. With respect to a proposal that requires a majority of the outstanding shares (such as an amendment to the certificate of incorporation), however, a broker non-vote has the same effect as a vote against the proposal.

Proxies

Whether or not you are able to attend the Annual Meeting, the Company urges you to submit your proxy, which is solicited by the Company's Board of Directors and which when properly completed will be voted as you direct. In the event no directions are specified, such proxies will be voted FOR the election of the directors (Proposal No. 1), FOR the ratification of the appointment of KPMG LLP as the designated independent auditors (Proposal No. 2), and in the discretion of the proxy holders as to any other matters that may properly come before the Annual Meeting.

Deadline for Receipt of Stockholder Proposals

Stockholders may present proposals for action at a future meeting only if they comply with the requirements of the proxy rules established by the SEC and the Company's bylaws. Stockholder proposals that are intended to be included in our Proxy Statement and form of Proxy relating to the meeting for the Company's 2006 Annual Meeting of Stockholders under rules set forth in the Securities Exchange Act of 1934, as amended (the "Securities Exchange Act") and the Company's bylaws must be received by the Company no later than December 31, 2005 to be considered for inclusion.

If a stockholder intends to submit a proposal or nomination for director for our 2006 Annual Meeting of Stockholders that is not to be included in the Company's Proxy Statement and form of Proxy relating to the meeting, the stockholder must give the Company notice in accordance with the requirements set forth in the Company's bylaws no less than 35 days and no later than 60 days prior to the meeting. The Company's bylaws require that certain information and acknowledgments with respect to the proposal and the stockholder making the proposal be set forth in the notice. A copy of the relevant bylaw provision is available upon written request to VIVUS, Inc., 1172 Castro Street, Mountain View, CA 94040, Attention: Chief Financial Officer.

**PROPOSAL NO. 1:
ELECTION OF DIRECTORS**

Nominees for Director

It is not expected that any of the nominees will be unable or will decline to serve as a director. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many of the nominees listed below as possible.

Each of these committees has adopted a written charter, all three of which can be found on our website at www.vivus.com. All members of the committees are appointed by the Board of Directors, and are non-employee directors. The following describes each committee, its current membership, the number of meetings held during fiscal year 2004 and its function:

Audit Committee

The Audit Committee consists of directors Logan, Shortliffe and Strachan, each of whom is independent within the meaning of the Nasdaq Stock Market, Inc. director independence standards, as currently in effect and as they may be changed from time to time. The Board of Directors has determined that Mr. Logan is an "audit committee financial expert" as defined in SEC rules. The Audit Committee held four meetings during fiscal year 2004. It has held two meetings since the end of fiscal year 2004. Mr. Logan serves as Chairman of the Audit Committee.

The Audit Committee is responsible for:

- overseeing the accounting, financial reporting and audit processes;

- reviewing the results and scope of audit and other services provided by the independent auditors;
- reviewing the accounting principles and auditing practices and procedures to be used in preparing the Company's financial statements; and
- reviewing the Company's internal controls over financial reporting.

The Audit Committee works closely with management and the Company's independent auditors. The Audit Committee also meets with our independent auditors in an executive session, without the presence of our management, on a quarterly basis, following completion of their quarterly reviews and annual audit and prior to the Company's earnings announcements, to review the results of their work. The Audit Committee also meets with our independent auditors to approve the annual scope of the audit services to be performed.

The Audit Committee Report is included herein on page 17.

Compensation Committee

The Compensation Committee currently consists of directors Logan, Shortliffe and Strachan, with director Rosati having resigned from the Compensation Committee on April 18, 2005 and Director Strachan having filled the vacancy caused by Director Rosati's resignation. The Compensation Committee held four meetings during fiscal year 2004. None of the members of the Compensation Committee is currently one of the Company's executive officers or employees. No member of the Compensation Committee serves as a member of the Board of Directors or Compensation Committee of any entity that has one or more officers serving as a member of the Company's Board of Directors or Compensation Committee. It has held two meetings since the end of fiscal year 2004.

The Compensation Committee is responsible for:

- reviewing and approving the compensation and benefits for the Company's officers and directors;
- administering the Company's 1994 Employee Stock Purchase Plan and 2001 Stock Option Plan;

- making recommendations to the Board of Directors regarding such matters; and
- performing other duties regarding compensation for employees and consultants as the Board of Directors may delegate from time to time.

The Compensation Committee Report is included herein on page 18.

Nominating and Governance Committee

In January 2004, the Board of Directors constituted a Nominating and Governance Committee and adopted a Nominating and Governance Committee charter. The Nominating and Governance Committee currently consists of directors Strachan and Shortliffe, with director Rosati having resigned from the Nominating and Governance Committee on April 18, 2005 and Director Strachan having filled the vacancy caused by Director Rosati's resignation. Each of these directors is independent within the meaning of the Nasdaq Stock Market, Inc. director independence standards, as currently in effect and as they may be changed from time to time. The Nominating and Governance Committee did not hold any meetings during fiscal year 2004. It has not held any meetings since the end of fiscal year 2004.

The Nominating and Governance Committee is responsible for:

- considering and periodically reporting on matters related to the identification, selection and qualification of the Board of Directors and candidates nominated to the Board of Directors and its committees;
- developing and recommending governance principles applicable to VIVUS; and
- overseeing the evaluation of the Board of Directors and management.

The Nominating and Governance Committee will consider properly submitted stockholder recommendations for candidates for membership on the Board of Directors as described below. In evaluating such recommendations, the Nominating and Governance Committee will seek to achieve a balance of knowledge, experience and capability on the Board of Directors and to address the membership criteria. Any stockholder recommendations proposed for consideration by the Nominating and Governance Committee should include the candidate's name and qualifications for membership on the Board of Directors and should be addressed to our Chief Financial Officer at VIVUS, Inc. 1172 Castro Street, Mountain View, CA 94040. In addition, procedures for stockholder direct nomination of directors are discussed above under "Deadline for Receipt of Stockholder Proposals" and are discussed in detail in our bylaws, which can be provided to you upon written request.

Although the Company does not have a formal policy regarding attendance by members of the Board of Directors at its annual meetings of stockholders, directors are encouraged to attend annual meetings of stockholders. All of the directors attended the Company's 2004 Annual Meeting of Stockholders. The Nominating and Governance Committee will consider, during the upcoming year, adopting a formal policy on director attendance at annual meetings of stockholders.

Although the Company does not have a formal policy regarding communications with the Board of Directors, stockholders may communicate with the Board of Directors by submitting an email to ir@vivus.com or by writing to us at VIVUS, Inc., Attention: Chief Financial Officer, 1172 Castro Street, Mountain View, CA 94040. Stockholders who would like their submission directed to a member of the Board of Directors may so specify, and the communication will be forwarded, as appropriate.

The Nominating and Governance Committee will use a variety of criteria to evaluate the qualifications and skills necessary for members of our Board of Directors. Under these criteria, members of the Board of Directors should have the highest professional and personal ethics and values. They should have broad experience at the policy-making level in business, health care, education, or government. They

should be committed to enhancing stockholder value and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly, all director duties. Each director must represent the interests of VIVUS stockholders.

The Nominating and Governance Committee will utilize a variety of methods for identifying and evaluating nominees for director. The Nominating and Governance Committee intends to regularly assess the appropriate size of the Board of Directors, and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Governance Committee plans to consider various potential candidates for director. Candidates may come to the attention of the Nominating and Governance Committee through current members of the Board of Directors, professional search firms, stockholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating and Governance Committee, and may be considered at any point during the year. The Nominating and Governance Committee will consider properly submitted stockholder recommendations for candidates for the Board of Directors. In evaluating such recommendations, the Nominating and Governance Committee uses the qualifications standards discussed above and seeks to achieve a balance of knowledge, experience and skill on the Board of Directors.

Code of Ethics

The Board of Directors has adopted a Code of Ethics which is applicable to all employees of the Company, including its principal executive officer and senior financial officer. The Code of Ethics may be found on our website at www.vivus.com or a copy can be provided upon request made by email to ir@vivus.com or by writing to us at VIVUS, Inc., Attention: Chief Financial Officer, 1172 Castro Street, Mountain View, CA 94040. VIVUS will disclose any amendment to the Code of Ethics or waiver of a provision of the Code of Ethics, including the name of the person to whom the waiver was granted, on our website on the Investor Relations page.

Compensation of Directors

Our non-employee directors, or Outside Directors, receive \$25,000 per annum, paid in equal quarterly installments, as well as reimbursement for expenses incurred in connection with attending board and committee meetings. Beginning in 2005, Outside Directors will receive \$35,000 per year with the Chairman of the Audit Committee receiving an additional \$5,000. Under the Company's 2001 Stock Option Plan, or the 2001 Plan, each Outside Director is automatically granted a non-qualified option to purchase 32,000 shares of Common Stock upon the date on which such person first becomes a director with an exercise price equal to the fair market value of the Company's Common Stock as of the date of grant, also called the Initial Option. Thereafter, each Outside Director is automatically granted a non-qualified option to purchase 8,000 shares under the 2001 Plan on the date of each Annual Meeting of Stockholders, or the Subsequent Option, provided such director is re-elected and provided he or she has served as a director for at least six months as of such date. Initial Options granted under the 2001 Plan vest as to one-fourth (1/4th) of the shares on each anniversary date of grant over a period of four years so long as the optionee remains a director of the Company. Subsequent Options begin to vest at the rate of 12.5% per month following the date of grant so long as the optionee remains a director of the Company. Non-employee directors are also eligible to receive additional stock option grants. In January 2005, the Board of Directors granted to each of Mr. Logan, Dr. Shortliffe and Mr. Strachan a non-qualified stock option to purchase an additional 2,000 shares of the Company's Common Stock with an exercise price equal to the fair market value of the Company's Common Stock on the date of grant that vests at a rate of 12.5% per month on the first day of each month following the date of grant. In April 2005, the Board of Directors granted to Mr. Rosati a non-qualified stock option to purchase an additional 2,000 shares of the Company's Common Stock with an

exercise price equal to the fair market value of the Company's Common Stock on the date of grant that vests at a rate of 12.5% per month on the first day of each month following the date of grant.

Options granted under the 2001 Plan to Outside Directors have a term of ten years unless terminated sooner upon termination of the optionee's status as a director or otherwise pursuant to the 2001 Plan. Such options are transferable by the optionee only in certain limited circumstances and each option is exercisable during the lifetime of the director only by such director or a permitted transferee. The 2001 Plan is designed to work automatically, without administration, with respect to the granting of options to Outside Directors; however, to the extent administration is necessary, the 2001 Plan has been structured so that options granted to Outside Directors who administer the Company's other employee benefit plans shall qualify as transactions exempt from Section 16(b) of the Securities and Exchange Act pursuant to Rule 16b-3 promulgated thereunder.

Vote Required

The six nominees receiving the highest number of affirmative votes of the shares present or represented and entitled to be voted for them shall be elected as directors, whether or not such affirmative votes constitute a majority of the shares voted. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum for the transaction of business, but they have no other legal effect under Delaware law.

THE COMPANY'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE NOMINEES SET FORTH HEREIN.

**PROPOSAL NO. 2:
RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

Proposal

The Board of Directors has selected KPMG LLP to audit the Company's financial statements for the fiscal year ending December 31, 2005. The decision of the Board of Directors to appoint KPMG LLP was based on the recommendation of the Audit Committee. Before making its recommendation to the Board of Directors, the Audit Committee carefully considered that firm's qualifications as independent auditors. This included a review of the qualifications of the engagement team, the quality control procedures the firm has established, any issues raised by the most recent quality control review of the firm and its reputation for integrity and competence in auditing. The Audit Committee's review also included matters required to be considered under the SEC's Rules on Auditor Independence, including the nature and extent of non-audit services, to ensure that they will not impair the independence of the accountants. The Audit Committee expressed its satisfaction with KPMG LLP in all of these respects.

KPMG LLP audited the Company's financial statements as of December 31, 2004.

Required Vote

Stockholder ratification of the selection of KPMG LLP as the Company's independent auditors for fiscal year 2004 is not required by the Company's bylaws, or other applicable legal requirement. However, as a matter of good corporate practice, the Board is seeking stockholder ratification of its appointment of the Company's independent auditors. In the event that the stockholders do not approve the selection of KPMG LLP, the appointment of the independent auditors may be reconsidered by the Board of Directors. Even if the selection is ratified, the Board at its discretion and at the direction of the Audit Committee may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

KPMG LLP was first appointed in fiscal year 2002, and has audited the Company's financial statements for fiscal years 2002, 2003 and 2004. Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions.

THE COMPANY'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP, AS THE COMPANY'S INDEPENDENT AUDITORS FOR FISCAL YEAR ENDING DECEMBER 31, 2005.

The Audit Committee has established a policy governing our use of KPMG LLP for non-audit services. Under the policy, management may use KPMG LLP for non-audit services that are permitted under SEC rules and regulations, provided that management obtain the Audit Committee's approval before such services are rendered. Option Grants in Last Fiscal Year

The following table sets forth information concerning stock options granted during the fiscal year ended December 31, 2004 to each of the executive officers named in the Summary Compensation Table. Potential realizable values (i) are net of exercise price before taxes, (ii) assume that the Common Stock appreciates at the annual rate shown (compounded annually) from the date of grant until the expiration of the ten-year option term, and (iii) assume that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price. These numbers are calculated based on SEC rules and do not reflect our estimate of future stock price growth. Actual gains, if any, on stock option exercises will depend on the future performance of our Common Stock.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of our Board of Directors, or the Compensation Committee, determines the compensation of our Chief Executive Officer and our other executive officers. The Compensation Committee is comprised entirely of outside directors. In addition to determining the salary and bonus compensation for all of our executive officers, the Compensation Committee determines the nature and timing of awards and grants under our stock option plans.

The goals of the compensation program are to align compensation with our performance, objectives and stockholder interests, and to attract, retain and reward executive officers whose contributions are critical to our long-term success. The primary components of our compensation package are salary, bonuses and stock options.

Salary

The level of base salary for executive officers is set based upon their scope of responsibility, level of experience and individual performance. The salary range for each position is reviewed against the salaries of similarly situated executives, including a comparison to base salaries for comparable positions at other pharmaceutical companies located on the West Coast. Additionally, the Compensation Committee takes into account general business and economic conditions. We set our salaries to be competitive with the marketplace. None of the factors considered is assigned a specific weight.

Bonuses

Our bonus plan for executives provides the opportunity for annual cash bonuses based on accomplishment of specific individual performance objectives and in recognition of attaining certain company wide goals. These objectives are set at the beginning of the fiscal year based on our long-term and short-term objectives, and performance against these objectives is assessed at the beginning of the next fiscal year.

Stock Options

The Compensation Committee believes that the granting of stock options is an important method of rewarding and motivating management by aligning management's interests with our stockholders. The Compensation Committee also recognizes that a stock incentive program is a necessary element in a competitive compensation package. The program utilizes a vesting schedule to encourage our key employees to continue in our employ and encourages employees to maintain a long-term perspective. The Compensation Committee has been given the authority by the Board of Directors to grant stock options to our executives under our 2001 Stock Option Plan. In determining the size of stock option grants, the Compensation Committee focuses primarily on our performance and the perceived role of such executive in accomplishing these objectives as well as the satisfaction of individual performance objectives. The Compensation Committee also considers the number of outstanding unvested options which the officer holds and the size of previous option awards to that officer. The Compensation Committee does not assign specific weights to these items.

Compensation of the Chief Executive Officer

Leland F. Wilson has been the President and Chief Executive Officer since 1991. The Compensation Committee used the same compensation policy described above for all executive officers to determine Mr. Wilson's fiscal year 2004 compensation. In setting both the cash-based and the equity-based elements of Mr. Wilson's compensation, the Compensation Committee considered the company's performance, competitive forces taking into account Mr. Wilson's experience and knowledge, and Mr. Wilson's leadership in achieving our long-term goals. The Compensation Committee determined that it was

appropriate to increase Mr. Wilson's base salary during fiscal year 2004 from \$437,413 to \$456,982 commencing in January 2004. Mr. Wilson was also awarded cash bonuses for the fiscal year 2004 in the aggregate amount of \$187,802. During fiscal year 2004, he received a stock option grant under our 2001 Stock Option Plan for 100,000 shares of common stock which vests over four years. In addition, on April 18, 2005, Mr. Wilson received a stock option grant under our 2001 Stock Option Plan for 50,315 shares of common stock that was fully vested on the date of grant. The Compensation Committee believes Mr. Wilson's fiscal year 2004 compensation was fair, relative to the company's performance and Mr. Wilson's individual performance and leadership, and it rewards him for this performance and will serve to retain him as a key employee.

Policy Regarding Deductibility of Compensation

We are required to disclose our policy regarding qualifying executive compensation for deductibility under Section 162(m) of the Internal Revenue Code of 1986, as amended, which provides that, for purposes of the regular income tax, the otherwise allowable deduction for compensation paid or accrued with respect to the executive officers of a publicly-held company, which is not performance-based compensation is limited to no more than \$1 million per year. It is not expected that the compensation to be paid to our executive officers for fiscal 2005 will exceed the \$1 million limit per officer; however, to the extent such compensation to be paid to such executive officers exceeds the \$1 million limit per officer, such excess will be treated as performance-based compensation. In the opinion of the Compensation Committee the foregoing compensation policies have been successful in tying compensation directly to the company's performance and aligning stockholder interest, as well as to attract and retain qualified executives. The Compensation Committee is pleased to submit this report to the stockholders with regard to the above matters.

This Compensation Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts, and such information shall be entitled to the benefits provided in Item 306(c) and (d) of Regulation S-K and Item 7(e)(3)(v) of Schedule 14A.

Compensation Committee Interlocks and Insider Participation

The Committee is responsible for determining salaries, incentives and other forms of compensation for directors, officers and other employees of the Company. The Committee also administers various incentive compensation and benefit plans. Corporate Performance Graph

The following graph shows a comparison of total stockholder return for holders of the Company's Common Stock from December 31, 1999, through December 31, 2004 compared with the NASDAQ Stock Market (U.S.) Index and NASDAQ Pharmaceutical Index. Total stockholder return assumes \$100 invested at the beginning of the period in Common Stock of the Company, the stock represented in the NASDAQ Pharmaceutical Index, the stock represented in the NASDAQ Stock Market (U.S.) Index and the stock represented by the RDG Microcap Pharmaceutical index, respectively. This graph is presented pursuant to SEC rules. The Company believes that while total stockholder return can be an important indicator of corporate performance, the stock prices of microcap pharmaceutical stocks like VIVUS are subject to a number of market-related factors other than company performance, such as competitive announcements, mergers and acquisitions in the industry, the general state of the economy, and the performance of other medical technology stocks.

The Company is now including the RDG Microcap Pharmaceutical index to the previously filed NASDAQ Stock Market (U.S.) and NASDAQ Pharmaceutical indices. We are a member of the RDG Microcap Pharmaceutical index and we feel that it provides a more appropriate comparison to peer companies in our sector with similar market capitalization. The RDG Microcap Pharmaceutical index will be used in our performance graph going forward.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than ten percent (10%) of a registered class of the Company's equity securities, to file certain reports of ownership with the Securities and Exchange Commission, or the SEC. Such officers, directors and stockholders are also required by SEC rules to provide the Company with copies of all Section 16(a) forms that they file. Based solely on its review of copies of such forms received by the Company or on written representations from certain reporting persons submitted to the Company during the year ended December 31, 2004, the Company believes that during the period from January 1, 2004 to December 31, 2004, all of its executive officers, directors and ten percent (10%) stockholders complied with all Section 16(a) requirements.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Change of Control Agreements with Executive Officers

In July 1998, the Board of Directors approved a form of Change of Control Agreement for all senior executives. The Change of Control Agreement recognizes that there may be periods where another company or another entity considers the possibility of acquiring the Company or that a change in the management of the Company may otherwise occur (collectively known as a Change of Control), with or without the approval of the Company's Board of Directors. The Change of Control Agreement recognizes that such an event may cause a distraction to employees, which may in turn cause employees to consider alternative employment opportunities. The Board determined that it was in the best interest of the Company to give such employees an incentive to continue their employment during periods where the threat or occurrence of a Change of Control may exist. The Change of Control Agreements are discussed in more detail in the section under "Executive Officer Compensation" on page 14 of this Proxy Statement.

Assignment of certain Intellectual Property to the Company

The Company's founding scientist, Chairman of the Board and Chief Scientific Officer, Virgil A. Place, M.D., invented the Company's transurethral system for erection (MUSE) while serving as ALZA Corporation's Executive Director of Medical and Regulatory Affairs. Dr. Place formed VIVUS in April 1991 to further develop the MUSE technology. In August 1991, Dr. Place entered into a letter agreement with ALZA Corporation, or ALZA, covering the MUSE technology. This was superseded by an Assignment Agreement between ALZA and the Company that was executed on December 31, 1993. The Assignment Agreement provides for the assignment by ALZA of patent applications related to the MUSE technology. In consideration of the rights granted to the Company under the Assignment Agreement, the Company issued shares of Common Stock to ALZA and is required to pay certain royalties on the sale of any products for the transurethral treatment of erectile dysfunction. To maintain exclusive rights beyond December 31, 1999, the Company issued an additional 200,000 shares of Common Stock to ALZA in May 1996.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its directors and executive officers. These agreements require the Company to indemnify such individuals, to the fullest extent permitted by Delaware law, for certain liabilities to which they may become subject as a result of their affiliation with the Company.

Other Transactions

Mario M. Rosati, a Director and the Secretary, is also a member of Wilson Sonsini Goodrich & Rosati, Professional Corporation, which serves as outside counsel for the Company.

The Company knows of no other matters to be submitted to the meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as the Board may recommend.
