**VIVUS, INC.****PROXY STATEMENT FOR THE 2002  
ANNUAL MEETING OF STOCKHOLDERS****INFORMATION CONCERNING SOLICITATION AND VOTING****General**

The enclosed Proxy is solicited on behalf of the Board of Directors (the "Board") of VIVUS, Inc., a Delaware corporation (the "Company" or "VIVUS"), for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Wednesday, June 5, 2002, at 10:00 a.m. local time, or at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. (1) Applicable percentage ownership based on 32,862,277 shares of Common Stock as of April 1, 2002. The number and percentage of shares beneficially owned is determined under rules of the Securities and Exchange Commission (the "SEC"), and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and also any shares which the individual has the right to acquire within sixty days of April 1, 2002 through the exercise of any stock option or other right.

## Table of Contents

Unless otherwise indicated in the footnotes, each person has sole voting and investment power (or shares such powers) with respect to the shares shown as beneficially owned.

- (2) Includes options to purchase shares of Common Stock currently exercisable or exercisable within 60 days after April 1, 2002, which are deemed outstanding for computing the percentage ownership of the person holding such options, but are not deemed outstanding for computing the percentage of any other person.
- (3) Includes 31,600 shares of Common Stock held by Dr. Place as Custodian for V. Aristophanes Kamehameha A.H. Place under the Hawaii Uniform Transfers to Minors Act, and 70,000 shares of Common Stock held by "The Virgil A. Place Arboretum & Botanical Garden, Inc.," of which Dr. Place is the beneficial owner.
- (4) Includes 25,000 shares of Common Stock held by the Leland F. Wilson Living Trust.

### **Revocability of Proxies**

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

### **Voting and Solicitation**

The holders of Common Stock of record at the close of business on April 12, 2002 are entitled to vote at the Annual Meeting. As of April 12, 2002, approximately 32,862,277 shares of Common Stock were issued and outstanding. Each share of Common Stock outstanding on the Record Date is entitled to one vote. Stockholders will not be entitled to cumulate their votes in the election of directors.

The cost of soliciting proxies will be borne by the Company. The Company may elect to retain the services of an outside company to solicit proxies, for which the Company estimates that it would pay a fee not to exceed \$5,000. The Company expects to reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, in person or by telephone, facsimile, letter or electronic mail.

### **Quorum; Abstentions; Broker Non-Votes**

The presence, in person or by proxy, of the holders of a majority of the shares entitled to be voted at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. A plurality of the votes duly cast is required for the election of directors. The affirmative vote of a majority of the votes duly cast is required to approve the 2001 Stock Option Plan (the "2001 Plan") and to ratify the appointment of auditors.

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker "non-vote" are counted as present and entitled to vote and are, therefore, included for the purposes of determining whether a quorum of shares is present at a meeting. A plurality of the votes duly cast is required for the election of directors. A plurality of the votes duly cast means that only affirmative votes will affect the outcome of the election. Therefore, neither abstentions nor broker "non-votes" will have any impact on the election of directors. The affirmative vote of a majority of the votes duly cast is required to approve the 2001 Plan and to ratify the appointment of auditors. Abstentions are deemed to be "votes cast" and will have the effect of votes in opposition of the proposals to approve the 2001 Plan and to ratify the appointment of auditors. However, broker "non-votes" are not deemed to be "votes cast" and therefore are not included in the tabulation of the voting results on the proposals to approve the 2001 Plan or to ratify the appointment of auditors.

A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Any proxy that is returned using the form of proxy enclosed and that is not marked as to a particular item will be voted FOR the election of directors, FOR the ratification of the appointment of Arthur Andersen LLP as the designated independent accountants, FOR the approval of the 2001 Plan and, as the proxy holders deem advisable, on other matters that may come before the meeting.

**Deadline for Receipt of Stockholder Proposals**

Proposals of stockholders of the Company which are intended to be presented by such stockholders at the Company's 2003 Annual Meeting of Stockholders must be received by the Company at its corporate offices no later than December 26, 2002 in order to be considered for inclusion in the proxy statement and form of proxy relating to that meeting. If a stockholder intends to submit a proposal at the Company's 2003 Annual Meeting of Stockholders which is not submitted in time to be eligible for inclusion in the proxy statement and form of proxy relating to that meeting, the stockholder must give notice to the Company not more than 60 days prior to the meeting and no less than thirty-five (35) days prior to the meeting in accordance with the requirements set forth in the Company's Bylaws. If such a stockholder fails to comply with the foregoing notice provisions, the proposal may not be brought before the meeting.

**PROPOSAL ONE:  
ELECTION OF DIRECTORS**

**Nominees**

The Company's Bylaws authorize a board of six directors. A board of six directors is to be elected at the Annual Meeting of Stockholders. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company's six nominees named below. In the event that any nominee of the Company is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the present Board to fill the vacancy. It is not expected that any nominee will be unable or will decline to serve as a director. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many of the nominees listed below as possible.

## Board Meetings, Committees and Director Compensation

The Board of Directors met four times and acted by unanimous written consent one time during fiscal 2001. The Board of Directors has an Audit Committee and a Compensation Committee, both of which met four times during the year. Director Logan attended two meetings of the Board of Directors, two meetings of the Audit Committee and two meetings of the Compensation Committee during fiscal 2001. All other directors attended 75% or more of the meetings of the Board of Directors and any committees on which such director served during fiscal 2001.

The Audit Committee of the Board of Directors is composed of three directors who are not employees of the Company (“Outside Directors”) and currently includes directors Logan, Shortliffe and Strachan. The Audit Committee is responsible for assisting the Board of Directors in monitoring (i) the integrity of the financial statements of the Company, (ii) the compliance by the Company with legal and regulatory requirements, and (iii) the independence and performance of the Company’s external auditors.

The Compensation Committee of the Board of Directors is composed of three Outside Directors and currently includes directors Rosati, Logan and Shortliffe. The Compensation Committee is responsible for (i) reviewing and approving the compensation and benefits for the Company’s officers and directors, (ii) administering the Company’s stock purchase and stock option plans, (iii) making recommendations to the Board of Directors regarding such matters, and (iv) performing other duties regarding compensation for employees and consultants as the Board of Directors may delegate from time to time.

Outside Directors will be paid an annual retainer of \$10,000 and a fee of \$1,000 per quarter for attending meetings of the Board of Directors and any committee thereof.

Under the Company’s 2001 Stock Option Plan (the “2001 Plan”), which is subject to the approval by the stockholders, each Outside Director is automatically granted a non-qualified option to purchase 32,000 shares of Common Stock upon the date on which such person first becomes a director with an exercise price equal to the fair market value of the Company’s Common Stock as of the date of grant (the “Initial Option”).<sup>1</sup> Thereafter, each Outside Director is automatically granted a non-qualified option to purchase 8,000 shares on the date of each Annual Meeting of Stockholders (the “Subsequent Option”), provided such director is re-elected and provided he or she has served as a director for at least six months as of such date. Initial Options granted under the 2001 Plan vest as to one-fourth (1/4th) of the shares on each anniversary date of grant over a period of four years so long as the optionee remains a director of the Company. Subsequent Options begin to vest at the rate of 12.5% per month following the date of grant so long as the optionee remains a director of the Company.

Options granted under the 2001 Plan to Outside Directors have a term of ten years unless terminated sooner upon termination of the optionee’s status as a director or otherwise pursuant to the 2001 Plan. Such options are transferable by the optionee only in certain limited circumstances and each option is exercisable during the lifetime of the director only by such director or a permitted transferee. The 2001 Plan is designed to work automatically, without administration, with respect to the granting of options to Outside Directors; however, to the extent administration is necessary, the 2001 Plan has been structured so that options granted to Outside Directors who administer the Company’s other employee benefit plans shall qualify as transactions exempt from Section 16(b) of the Securities and Exchange Act of 1934, as amended (the “Exchange Act”), pursuant to Rule 16b-3 promulgated thereunder.

## **Certain Relationships and Related Transactions**

In October 1999, the Company and ZZVAX, LLC, a Delaware limited liability company (“ZZVAX”), entered into an Assignment Agreement (the “Assignment Agreement”) whereby the Company assigned all right, title and interest to certain intellectual property to ZZVAX in exchange for a ten percent (10%) membership interest in ZZVAX and the right to receive two percent (2%) of the net sales of any ZZVAX products that utilize this intellectual property. Virgil A. Place, M.D., the Company’s Chairman of the Board and Chief Scientific Officer, is the inventor of this intellectual property and the President and Managing Member of ZZVAX. The Company did not seek to utilize the intellectual property that was assigned to ZZVAX for commercial purposes. The outside directors of the Company’s Board of Directors approved the Assignment Agreement, and the terms of the Assignment Agreement are no less favorable to the Company than the terms that would have been negotiated with any other third party. The Company’s initial ten percent (10%) ownership interest in ZZVAX is subject to dilution.

In July 1998, the Board of Directors approved a form of Change of Control Agreement for all senior executives. The Change of Control Agreement recognizes that there may be periods where another company or another entity considers the possibility of acquiring the Company or that a change in the management of the Company may otherwise occur (collectively, “a Change of Control”), with or without the approval of the Company’s Board of Directors. The Change of Control Agreement recognizes that such an event may cause a distraction to employees, which may in turn cause employees to consider alternative employment opportunities. The Board determined that it was in the best interest of the Company to give such employees an incentive to continue their employment during periods where the threat or occurrence of a Change of Control may exist. The Change of Control Agreements are discussed in more detail subsequently under “Executive Compensation.”

The Company’s founding scientist, Chairman of the Board and Chief Scientific Officer, Virgil A. Place, M.D., invented the Company’s transurethral system for erection (MUSE) while serving as ALZA’s Executive Director of Medical and Regulatory Affairs. Dr. Place formed VIVUS in April 1991 to further develop the MUSE technology. In August 1991, Dr. Place entered into a letter agreement with ALZA covering the MUSE technology. This was superseded by an Assignment Agreement between ALZA and the Company that was executed on December 31, 1993. The Assignment Agreement provides for the assignment by ALZA of patent applications related to the MUSE technology. In consideration of the rights granted to the Company under the Assignment Agreement, the Company issued shares of Common Stock to ALZA and is required to pay certain royalties on the sale of any products for the transurethral treatment of erectile dysfunction. To maintain exclusive rights beyond December 31, 1999, the Company issued an additional 200,000 shares of Common Stock to ALZA in May 1996.

## **Other Transactions**

## **Filing of Reports by Directors and Officers**

Section 16(a) of the Securities Exchange Act of 1934 requires the Company’s executive officers and directors, and persons who own more than ten percent (10%) of a registered class of the Company’s equity securities, to file certain reports of ownership with the Securities and Exchange Commission (the “SEC”). Such officers, directors and stockholders are also required by SEC rules to provide the Company with copies of all Section 16(a) forms that they file. Based solely on its review of copies of such forms received by the Company, or on written representations from certain reporting persons, the Company believes that during the period from January 1, 2001 to December 31, 2001, its executive officers, directors and ten percent (10%) stockholders filed all required Section 16(a) reports on a timely basis.

## **Audit Committee Report**

The Audit Committee of the Board of Directors (the “Audit Committee”) is responsible for assisting the Board in monitoring the integrity of the financial statements of the Company, the compliance by the Company with legal and regulatory requirements and the independence and performance of the Company’s external auditors. The Audit Committee consists of three independent directors, Mark B. Logan, Graham Strachan and Linda M. Dairiki Shortliffe, M.D., appointed by the Board, who, in the opinion of the Board, meet the independence and experience requirements of the Securities and Exchange Commission (the “SEC”). The Audit Committee is governed by a written charter adopted and approved by the Board, a copy of which was filed as an appendix to the Company’s Proxy Statement that was filed with the SEC on April 26, 2001.

In fulfilling its written charter adopted by the Board in May 2000, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. During fiscal year 2001, the Audit Committee met four times, and the Audit Committee chair, as representative of the Audit Committee, discussed the interim financial information contained in each quarterly earnings announcement with senior management of the Company and independent auditors prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from Arthur Andersen LLP (“Arthur Andersen”) a formal written statement describing all relationships between them and the Company that might bear on Arthur Andersen’s independence consistent with Independence Standards Board Standard No. 1, “Independent Discussions with Audit Committees.” In addition, the Audit Committee discussed with Arthur Andersen any relationships that may impact their objectivity and independence and satisfied itself of Arthur Andersen’s independence and received a letter from Arthur Andersen regarding independence as required under applicable independence standards for auditors of public companies. In addition, the Audit Committee considered whether the provision of non-audit services performed by Arthur Andersen is compatible with maintaining its independence. The Audit Committee also discussed with management and Arthur Andersen the quality and adequacy of the Company’s internal controls. The Audit Committee reviewed Arthur Andersen’s audit plans, audit scope, and identification of audit risks.

The Audit Committee discussed and reviewed with Arthur Andersen all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, “Communication with Audit Committees” and, with and without management present, discussed and reviewed the results of Arthur Andersen’s examination of the financial statements.

The Audit Committee reviewed the audited financial statements of the Company as of and for the fiscal year ended December 31, 2001, with management and the independent auditors. Management has the responsibility for the preparation of the Company’s financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Audit Committee recommended to the Board that the Company’s audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2001, for filing with the SEC. The Audit Committee also recommended the reappointment, subject to stockholder ratification, of Arthur Andersen LLP as the independent auditors and the Board concurred with such recommendation.

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts, and such information shall be entitled to the benefits provided in Item 306(c) and (d) of Regulation S-K and Item 7(e)(3)(v) of Schedule 14A.

## Compensation Committee Report

### General

The Compensation Committee of the Board of Directors (the “Committee”) consists of directors Rosati, Shortliffe and Logan, none of whom is an employee of the Company. Since VIVUS’ initial public offering in April 1994, the Committee has administered the Company’s management compensation policies and plans. The Committee determines the annual base salary for each executive officer, including the Chief Executive Officer (“CEO”), and the criteria under which cash incentive bonuses, if any, may be paid. The Committee also exercises the authority to grant options under the Company’s 2001 Plan and other equity incentive plans.

### Compensation Vehicles

During fiscal 2001, the Company’s cash and equity-based compensation program was successful in focusing key employees to accomplish critical product development work, optimal operating efficiencies and profitability. The Company focused on cash and equity-based compensation programs designed to ensure that the organization’s cash and equity structure was equitable and competitive with other companies with similar business focus and structure.

*Cash Compensation.* Before determining the compensation with respect to executive officers, the Committee’s policy is to review base salaries proposed by the CEO and evaluate each executive officer’s experience and proposed responsibilities and the salaries of similarly situated executives, including a comparison to base salaries for comparable positions at other companies. In determining its recommendations for adjustments to executive officers’ base salaries, the Committee’s policy is to focus primarily on the executive officers’ contributions towards the Company’s success in moving toward its long-term goals during the fiscal year and the quality of the services rendered by the executive officers. In recommending the CEO’s fiscal 2001 salary, the Committee used the same criteria it applies to other executive officers. Based on the overall achievements of the Company during fiscal 2001, the Committee granted a salary increase and stock option grants in the first quarter of 2002. Additionally, bonuses were paid in the first quarter of 2002 to all employees in recognition of attaining certain Company goals in 2001, which were driven toward the overall achievements and success of the Company.

*Equity Compensation.* Ownership of the Company’s Common Stock is a key element of executive compensation. Officers and other employees of the Company are currently eligible to participate in the 1994 Employee Stock Purchase Plan (the “Purchase Plan”) and will be eligible to participate in the 2001 Stock Option Plan (the “2001 Plan”) upon its approval by the stockholders of the Company if such approval is obtained pursuant to this proxy. The 2001 Plan permits the Board of Directors or the Committee to grant stock options to employees on such terms as the Board or the Committee may determine. The Committee has the sole authority to grant stock options to executive officers of the Company and currently administers stock option grants to employees. In determining the size of a stock option grant to a new officer or other key employee, the Committee takes into account equity participation by comparable employees within the Company, external competitive circumstances and other relevant factors. Additional options may be granted to current employees to reward exceptional performance or to provide additional unvested equity incentives. The Purchase Plan permits employees to acquire Common Stock of the Company through payroll deductions and promotes broad-based equity participation throughout the Company. The Committee believes that such stock plans align the interests of the employees with the long-term interests of the stockholders. In fiscal 2001, the Company continued its policy of granting stock options to all new employees in conjunction with employee performance.

The Committee approved initial stock option grants for all officers in connection with commencement of the officer’s employment. These stock option grants were based primarily on the scope of the officer’s responsibilities at VIVUS, the cash compensation that the officer had received in their prior employment and the cash compensation proposed by the Company.

The Company also maintains a 401(k) Plan to provide retirement benefits through tax deferred salary deductions for all its employees. Employee contributions, limited to 20% of compensation up to a maximum of \$10,500 in 2001, are matched 100% by the Company up to the first 4% of the employee contribution.

## **Policy on Deductibility of Compensation**

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits the tax deduction to \$1 million for compensation paid to its five most highly compensated executive officers, unless certain requirements are met. One requirement is that the Committee consists entirely of outside Directors as defined in the Code, and VIVUS' Committee meets this requirement. Another requirement is that compensation over \$1 million must be based upon Company attainment of pre-established, objective performance goals. VIVUS believes that all compensation paid to its five most highly compensated executive officers in fiscal 2001 is fully deductible. The Committee's present intention is to comply with the requirements of Section 162(m) unless and until the Committee determines that compliance would not be in the best interest of VIVUS and its stockholders.

## **Stock Option Repricing**

On October 5, 1998, the Board of Directors offered all employees (except the named officers below) and certain consultants holding options to purchase Common Stock of the Company at exercise prices greater than \$4.00 per share the opportunity to reprice their options to the fair market value of the Company's Common Stock as of the closing of the stock market on October 19, 1998 (\$2.9375). On October 5, 1998, the Board of Directors offered Leland F. Wilson, Neil Gesundheit, Terry M. Nida and Carol D. Karp the option to reprice (i) one-half of the options to purchase Common Stock of the Company at exercise prices greater than \$4.00 per share to the fair market value of the Company's Common Stock as of the closing of the stock market on October 19, 1998 (\$2.9375), and (ii) one-half of the options to purchase Common Stock of the Company at exercise prices greater than \$4.00 per share to one hundred fifty percent of the fair market value of the Company's Common Stock as of the closing of the stock market on October 19, 1998 (\$4.4063). The stock option repricing was an acknowledgment of the importance to the Company of its employees and of the incentive to employees represented by stock options, especially in considering alternative opportunities. The Board considered such factors as the competitive environment for obtaining and retaining qualified employees and the overall benefit to the stockholders from a highly motivated group of employees.

The following table sets forth, as to all executive officers of the Company, certain information concerning the repricing of all such officers' options since the Company's inception.

The Company's compensation policy will continue to evolve over time as the Company matures while continuing its focus on building long-term stockholder value.

## Compensation Committee Interlocks and Insider Participation

The Committee also administers various incentive compensation and benefit plans. Mr. Wilson, President and Chief Executive Officer, and Richard Walliser, Vice President of Finance and Chief Financial Officer, generally participate in discussions and decisions regarding salaries and incentive compensation for all employees and consultants to the Company, except that Mr. Wilson and Mr. Walliser are excluded from discussions regarding their respective salaries and incentive compensation.

## Corporate Performance Graph

The following graph shows a comparison of total stockholder return for holders of the Company's Common Stock from April 7, 1994, the date of the Company's initial public offering, through December 31, 2001 compared with the NASDAQ Stock Market and NASDAQ Pharmaceutical Stocks. Total stockholder return assumes \$100 invested at the beginning of the period in Common Stock of the Company, the stock represented in the NASDAQ Pharmaceutical Stocks and the stock represented in the NASDAQ Stock Market, respectively. This graph is presented pursuant to SEC rules. The Company believes that while total stockholder return can be an important indicator of corporate performance, the stock prices of medical technology stocks like VIVUS are subject to a number of market-related factors other than company performance, such as competitive announcements, mergers and acquisitions in the industry, the general state of the economy, and the performance of other medical technology stocks.

**PROPOSAL TWO:**

**RATIFICATION OF APPOINTMENT OF  
INDEPENDENT PUBLIC ACCOUNTANTS**

**Proposal**

The Board has selected Arthur Andersen LLP (“Arthur Andersen”), independent accountants, to audit the consolidated financial statements of the Company for the year ending December 31, 2002 and recommends that the stockholders ratify the selection. Arthur Andersen has audited the Company’s financial statements since June 8, 1994. Representatives of Arthur Andersen are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions.

The Board and the Audit Committee have been monitoring and have reviewed the press coverage regarding Arthur Andersen in its role as auditors of Enron Corp. In addition, the Audit Committee has carefully considered related legal developments, including the indictment of the firm in connection with its role in Enron Corp. While the Board of Directors has determined for the near term to continue the engagement of Arthur Andersen to audit the financial statements of the Company for the fiscal year ending December 31, 2002, the Board reserves its prerogative to replace Arthur Andersen with another accounting firm in the event the Board concludes that circumstances have arisen that make it inappropriate for the Company to continue to engage Arthur Andersen.

**Fees billed to the Company by Arthur Andersen LLP during Fiscal 2001 consist of:**

Audit fees billed to the Company by Arthur Andersen for audit services in connection with the audit of the Company’s annual financial statements for fiscal 2001 included in the Company’s annual report on Form 10-K and the review of the financial statements included in the Company’s quarterly reports on Form 10-Q totaled \$151,000.

Other fees billed to the Company by Arthur Andersen for all non-audit services rendered, which consisted primarily of tax related services, totaled \$74,000.

**Required Vote**

Stockholder ratification of the selection of Arthur Andersen as the Company’s independent public accountants is not required by the Company’s Bylaws, or other applicable legal requirement. However, as a matter of good corporate practice, the Board has conditioned its appointment of the Company’s independent accountants upon the receipt of the affirmative vote of a majority of the shares represented, in person or by proxy, and voting at the Annual Meeting, which shares voting affirmatively also constitute at least a majority of the required quorum. In the event that the stockholders do not approve the selection of Arthur Andersen, the appointment of the independent accountants will be reconsidered by the Audit Committee and the Board of Directors. Even if the selection is ratified, the Board at its discretion and at the direction of the Audit Committee may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

**THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE RATIFICATION  
OF THE APPOINTMENT OF ARTHUR ANDERSEN LLP, AS INDEPENDENT ACCOUNTANTS FOR  
FISCAL YEAR ENDING DECEMBER 31, 2002.**

**PROPOSAL THREE:**

**APPROVAL OF THE 2001 STOCK OPTION PLAN**

**General**

The Board of Directors determined that it is in the best interests of the Company and its stockholders to approve the 2001 Stock Option Plan (the "2001 Plan") (described below). The 2001 Plan is intended to replace the VIVUS, Inc. 1991 Incentive Stock Option Plan (the "1991 Plan"), which terminated in November 2001, and the 1994 Director Stock Option Plan, which will terminate effective upon the approval of the 2001 Plan by the stockholders. In October 2001, the Board of Directors approved the 2001 Plan, subject to stockholder approval, and reserved Common Stock for issuance thereunder in the amount of 1,000,000 shares, plus (a) any shares that have been reserved but not issued under the 1991 Plan; (b) any shares returned to the 1991 Plan as a result of termination of options or repurchase of shares issued under the 1991 Plan; and (c) an annual increase on the first day of each fiscal year beginning 2003, equal to the lesser of (i) 1,000,000 shares, (ii) 2.5% of the outstanding shares of Common Stock on such date, or (iii) a lesser amount determined by the Board of Directors. A total of 2,278,874 shares of Common Stock were reserved but not issued under the 1991 Plan on the date the 1991 Plan expired and such shares and will be transferred to the 2001 Plan upon stockholder approval as set forth above.

**For a description of the principal features of the 2001 Plan, see "Appendix A — Description of the VIVUS, Inc. 2001 Stock Option Plan."**

**Proposal**

At the Annual Meeting, the stockholders are being requested to consider and approve the 2001 Plan approved by the Board in October 2001 and the reservation of 1,000,000 shares of Common Stock for issuance thereunder, plus (a) any shares that have been reserved but not issued under the Company's 1991 Plan as of the date of stockholder approval of the 2001 Plan; (b) any shares returned to the 1991 Plan as a result of termination of options or repurchase of shares issued under the 1991 Plan; and (c) an automatic annual increase on the first day of each fiscal year beginning in 2003 equal to the lesser of (i) 1,000,000 shares, (ii) two and one-half percent (2.5%) of the Company's outstanding shares of Common Stock on such date, or (iii) a lesser number determined by the Board of Directors. A total of 2,278,874 shares of Common Stock were reserved but not issued under the 1991 Plan on the date the 1991 Plan expired and such shares will be transferred to the 2001 Plan upon stockholder approval as set forth above. The 2001 Plan is intended to replace the 1991 Plan, which terminated in November 2001, and will give the Board of Directors greater flexibility to grant stock options and stock purchase rights. The Company believes that granting stock options motivates high levels of performance and provides an effective means of recognizing employee contributions to the success of the Company. The Company believes that this policy is of great value in recruiting and retaining highly qualified technical and other key personnel who are in great demand as well as rewarding current employees. The Board believes that the ability to grant options and stock purchase rights will be important to the future success of the Company by allowing it to accomplish these objectives.

**Required Vote; Recommendation of the Board of Directors**

The affirmative vote of the holders of a majority of the Common Stock present or represented at the Annual Meeting is required to approve and ratify the 2001 Plan.

**THE COMPANY'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THIS PROPOSAL. THE EFFECT OF AN ABSTENTION IS THE SAME AS THAT OF A VOTE AGAINST THE PROPOSAL.**

**OTHER MATTERS**

The Company knows of no other matters to be submitted to the meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as the Board may recommend.

It is important that your stock be represented at the meeting, regardless of the number of shares that you hold. You are, therefore, urged to execute and return the accompanying proxy in the enclosed envelope at your earliest convenience.

## Appendix A

### Description of the VIVUS, Inc. 2001 Stock Option Plan

*General.* The purposes of the 2001 Stock Option Plan (the “2001 Plan”) are to attract and retain the best available personnel for positions of substantial responsibility with the Company, to provide additional incentive to the employees, directors and consultants of the Company and its subsidiaries and to promote the success of the Company’s business. Options granted under the 2001 Plan may be either incentive stock options or nonstatutory stock options. Stock Purchase Rights may also be granted to employees, directors and consultants under the 2001 Plan.

*Stock Subject to the 2001 Plan.* The maximum aggregate number of shares that may be optioned and sold under the 2001 Plan is 1,000,000 shares of Common Stock for issuance thereunder, plus (a) any shares that have been reserved but not issued under the Company’s 1991 Incentive Stock Plan (the “1991 Plan”) as of the date of stockholder approval of the 2001 Plan; (b) any shares returned to the 1991 Plan as a result of termination of options or repurchase of shares issued under the 1991 Plan; and (c) an automatic annual increase on the first day of each fiscal year beginning in 2003 equal to the lesser of (i) 1,000,000 shares, (ii) two and one-half percent (2.5%) of the Company’s outstanding shares of Common Stock on such date, or (iii) a lesser number determined by the Board of Directors.

A total of 2,278,874 shares of Common Stock were reserved but not issued under the 1991 Plan when it expired in November 2001 and such shares will be transferred to the 2001 Plan upon stockholder approval as set forth above.

*Administration.* The 2001 Plan may generally be administered by the Board or a Committee appointed by the Board (as applicable, the “Administrator”). The Administrator may make any determinations deemed necessary or advisable for the 2001 Plan.

*Eligibility.* Nonstatutory stock options may be granted under the 2001 Plan to employees, directors and consultants of the Company and any parent or subsidiary of the Company. Incentive stock options may be granted only to employees. The Administrator, in its discretion, selects the employees, directors and consultants to whom options may be granted, the time or times at which such options shall be granted, and the exercise price and number of shares subject to each such grant.

*Limitations.* Section 162(m) of the Code places limits on the deductibility for federal income tax purposes of compensation paid to certain executive officers of the Company. In order to preserve the Company’s ability to deduct the compensation income associated with options granted to such persons, the 2001 Plan provides that no employee may be granted, in any fiscal year of the Company, options to purchase more than 1,000,000 shares of Common Stock. Notwithstanding this limit, however, in connection with such individual’s initial employment with the Company, he or she may be granted options to purchase up to an additional 1,000,000 shares of Common Stock.

*Terms and Conditions of Options.* Each option is evidenced by a stock option agreement between the Company and the optionee, and is subject to the following terms and conditions:

(a) *Exercise Price.* The Administrator determines the exercise price of options at the time the options are granted. The exercise price of an incentive stock option may not be less than 100% of the fair market value of the Common Stock on the date such option is granted; provided, however, that the exercise price of an incentive stock option granted to a 10% shareholder may not be less than 110% of the fair market value on the date such option is granted. The exercise price of a nonstatutory stock option intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code shall be no less than 100% of the fair market value of the Common Stock on the date such option is granted. The fair market value of the Common Stock is generally determined with reference to the closing sale price for the Common Stock (or the closing bid if no sales were reported) on the last market-trading day prior to the date the option is granted. Notwithstanding the foregoing, options may be granted with an exercise price of less than 100% of the fair market value of the Common Stock on the date of grant pursuant to a merger or other corporate transaction.

(b) *Exercise of Option; Form of Consideration.* The Administrator determines when options become exercisable, and may in its discretion, accelerate the vesting of any outstanding option. The means of payment for shares issued upon exercise of an option is specified in each option agreement. The 2001 Plan permits payment to be made by cash, check, other shares of Common Stock of the

## Table of Contents

Company (with some restrictions), cashless exercises, the reduction of Company liability to the optionee, any other form of consideration permitted by applicable law, or any combination thereof.

(c) *Term of Option.* The term of each option shall be stated in the option agreement. The term of an incentive stock option may be no more than ten (10) years from the date of grant; provided, however, that in the case of an incentive stock option granted to a 10% shareholder, the term of the option may be no more than five (5) years from the date of grant. No option may be exercised after the expiration of its term.

(d) *Termination of Service.* If an optionee's service relationship terminates for any reason other than death or disability, then the optionee generally may exercise the option within three (3) months of such termination to the extent that the option is vested on the date of termination, (but in no event later than the expiration of the term of such option as set forth in the option agreement). If an optionee's service relationship terminates due to the optionee's disability, the optionee generally may exercise the option, to the extent the option was vested on the date of termination, within twelve (12) months from the date of such termination (but in no event later than the expiration of the term of such option as set forth in the option agreement). If an optionee's service relationship terminates due to the optionee's death, the optionee's estate or the person who acquires the right to exercise the option by bequest or inheritance generally may exercise the option, to the extent that the option is vested on the date of death, within twelve (12) months from the date of such termination (but in no event later than the expiration of the term of such option as set forth in the option agreement).

(e) *Nontransferability of Options.* Unless otherwise determined by the Administrator, options granted under the 2001 Plan are not transferable other than by will or the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee.

(f) *Value Limitation.* To the extent that the aggregate fair market value of the Common Stock with respect to which incentive stock options are exercisable for the first time by the optionee during any calendar year exceeds \$100,000, such options shall be treated as nonstatutory stock options.

(g) *Other Provisions.* The stock option agreement may contain other terms, provisions and conditions not inconsistent with the 2001 Plan as may be determined by the Administrator.

*Stock Purchase Rights.* The 2001 Plan allows the Company to grant stock purchase rights to employees, directors and consultants. Sales of stock under stock purchase rights are made pursuant to restricted stock purchase agreements containing provisions established by the Board of Directors. The Company has a right, but not the obligation, to repurchase the shares at the original sale price, which expires at a rate to be determined by the Board of Directors. As of April 12, 2002, no stock purchase rights have been granted under the 2001 Plan.

*Automatic Director Option Grants.* Under the 2001 Plan, non-employee directors will receive an option to purchase 32,000 shares of Common Stock at the time of joining the Board of Directors. These options vest 25% after one year and 25% annually thereafter. In addition, each non-employee director shall receive an option to purchase 8,000 shares of the Company's Common Stock annually upon their reelection. These options vest ratably over eight months.

*Adjustments Upon Changes in Capitalization.* In the event that the stock of the Company changes by reason of any stock split, reverse stock split, stock dividend, combination, reclassification or other similar change in the capital structure of the Company effected without the receipt of consideration, appropriate adjustments shall be made in the number and class of shares of stock subject to the 2001 Plan, the number and class of shares of stock subject to any option outstanding under the 2001 Plan, and the exercise price of any such outstanding option.

In the event of a liquidation or dissolution, any unexercised options will terminate. The Administrator may, in its sole discretion, provide that each optionee shall have the right to exercise all of the option, including shares as to which the option would not otherwise be exercisable.

In connection with any merger of the Company with or into another corporation or the sale of all or substantially all of the assets of the Company, each outstanding option shall be assumed or an equivalent option or right substituted by the successor corporation. If the successor corporation refuses to assume the options or to substitute substantially equivalent options, the optionee shall have the right to exercise the option as to all the optioned stock, including shares not otherwise vested or exercisable. In such event, the Administrator shall notify the optionee that the option is fully exercisable for fifteen (15) days from the date of such notice and that the option terminates upon expiration of such period.

## Table of Contents

*Amendment and Termination of the 2001 Plan.* The Board may amend, alter, suspend or terminate the 2001 Plan, or any part thereof, at any time and for any reason. However, the Company shall obtain stockholder approval for any amendment to the 2001 Plan to the extent necessary and desirable to comply with applicable law. No such action by the Board or stockholders may alter or impair any option or stock purchase right previously granted under the 2001 Plan without the written consent of the optionee. Unless terminated earlier, the 2001 Plan shall terminate ten years from the date the 2001 Plan was adopted by the Board.

### **Federal Income Tax Consequences**

*Incentive Stock Options.* An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise is an adjustment item for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. Net capital gains on shares held more than 12 months may be taxed at a maximum federal rate of 20%. Capital losses are allowed in full against capital gains and up to \$3,000 against other income. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. A different rule for measuring ordinary income upon such a premature disposition may apply if the optionee is also an officer, director, or 10% shareholder of the Company. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

*Nonstatutory Stock Options.* An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period. Net capital gains on shares held more than 12 months may be taxed at a maximum federal rate of 20%. Capital losses are allowed in full against capital gains and up to \$3,000 against other income.

**The foregoing is only a summary of the effect of federal income taxation upon optionees and the Company with respect to the grant and exercise of options under the 2001 Plan. It does not purport to be complete, and does not discuss the tax consequences of the employee's or consultant's death or the provisions of the income tax laws of any municipality, state or foreign country in which the employee or consultant may reside.**

### 4. Administration of the Plan.

#### (a) Procedure.

(i) Multiple Administrative Bodies. Different Committees with respect to different groups of Service Providers may administer the Plan.

(ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Options granted hereunder as “performance-based compensation” within the meaning of Section 162(m) of the Code, the Plan shall be administered by a Committee of two or more “Outside Directors” within the meaning of Section 162(m) of the Code.

(iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder shall be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) Other Administration. Other than as provided above, the Plan shall be administered by (A) the Board, or (B) a Committee, which committee shall be constituted to satisfy Applicable Laws.

(b) Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

(i) to determine the Fair Market Value;

(ii) to select the Service Providers to whom Options and Stock Purchase Rights may be granted hereunder;

(iii) to determine the number of shares of Common Stock to be covered by each Option and Stock Purchase Right granted hereunder;

(iv) to approve forms of agreement for use under the Plan;

(v) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Option or Stock Purchase Right granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Options or Stock Purchase Rights may be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions, and any restriction or limitation regarding any Option or Stock Purchase Right or the shares of Common Stock relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine;

(vi) to reduce the exercise price of any Option or Stock Purchase Right to the then current Fair Market Value if the Fair Market Value of the Common Stock covered by such Option or Stock Purchase Right shall have declined since the date the Option or Stock Purchase Right was granted;

(vii) to institute an Option Exchange Program;

## Table of Contents

(viii) to construe and interpret the terms of the Plan and awards granted pursuant to the Plan;

(ix) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of satisfying applicable foreign laws;

(x) to modify or amend each Option or Stock Purchase Right (subject to Section 16(c) of the Plan), including the discretionary authority to extend the post-termination exercisability period of Options longer than is otherwise provided for in the Plan;

(xi) to allow Optionees to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Option or Stock Purchase Right that number of Shares having a Fair Market Value equal to the minimum amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by an Optionee to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;

(xii) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Option or Stock Purchase Right previously granted by the Administrator;

(xiii) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) Effect of Administrator's Decision. The Administrator's decisions, determinations and interpretations shall be final and binding on all Optionees and any other holders of Options or Stock Purchase Rights.

5. Eligibility. Nonstatutory Stock Options and Stock Purchase Rights may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

### 6. Limitations.

(a) Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Optionee during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000, such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(b) Neither the Plan nor any Option or Stock Purchase Right shall confer upon an Optionee any right with respect to continuing the Optionee's relationship as a Service Provider with the Company, nor shall they interfere in any way with the Optionee's right or the Company's right to terminate such relationship at any time, with or without cause.

## Table of Contents

(c) The following limitations shall apply to grants of Options:

(i) No Service Provider shall be granted, in any fiscal year of the Company, Options to purchase more than one million (1,000,000) of the outstanding Shares on the date granted.

(ii) In connection with his or her initial service, a Service Provider may be granted Options to purchase additional Shares up to an amount equal to one million (1,000,000) Shares, which shall not count against the limit set forth in subsection (i) above.

(iii) The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 14.

(iv) If an Option is cancelled in the same fiscal year of the Company in which it was granted (other than in connection with a transaction described in Section 14), the cancelled Option will be counted against the limits set forth in subsections (i) and (ii) above. For this purpose, if the exercise price of an Option is reduced, the transaction will be treated as a cancellation of the Option and the grant of a new Option.

7. Term of Plan. Subject to Section 20 of the Plan, the Plan shall become effective upon its adoption by the Board. It shall continue in effect for a term of ten (10) years unless terminated earlier under Section 16 of the Plan.

8. Term of Option. The term of each Option shall be stated in the Option Agreement. In the case of an Incentive Stock Option, the term shall be ten (10) years from the date of grant or such shorter term as may be provided in the Option Agreement. Moreover, in the case of an Incentive Stock Option granted to an Optionee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Option Agreement.

9. Option Exercise Price and Consideration.

(a) Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be determined by the Administrator, subject to the following:

(i) In the case of an Incentive Stock Option

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

## Table of Contents

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be determined by the Administrator. In the case of a Nonstatutory Stock Option intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a merger or other corporate transaction.

(b) **Waiting Period and Exercise Dates.** At the time an Option is granted, the Administrator shall fix the period within which the Option may be exercised and shall determine any conditions that must be satisfied before the Option may be exercised.

(c) **Form of Consideration.** The Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of:

(i) cash;

(ii) check;

(iii) promissory note;

(iv) other Shares which, in the case of Shares acquired directly or indirectly from the Company, (A) have been owned by the Optionee for more than six (6) months on the date of surrender, and (B) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

(v) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan;

(vi) a reduction in the amount of any Company liability to the Optionee, including any liability attributable to the Optionee’s participation in any Company-sponsored deferred compensation program or arrangement;

(vii) any combination of the foregoing methods of payment; or

(viii) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

## 10. Exercise of Option.

(a) **Procedure for Exercise; Rights as a Stockholder.** Any Option granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option Agreement. Unless the

Administrator provides otherwise, vesting of Options granted hereunder shall be suspended during any unpaid leave of absence. An Option may not be exercised for a fraction of a Share.

An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee or, if requested by the Optionee, in the name of the Optionee and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 14 of the Plan.

Exercising an Option in any manner shall decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) Termination of Relationship as a Service Provider. If an Optionee ceases to be a Service Provider, other than upon the Optionee's death or Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent that the Option is vested on the date such Optionee ceases to be a Service Provider (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for ninety (90) days following the date such Optionee ceases to be a Service Provider. If, on the date such Optionee ceases to be a Service Provider, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after Optionee ceases to be a Service Provider, the Optionee does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(c) Disability of Optionee. If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Agreement to the extent the Option is vested on the date of termination due to such Disability (but in no event later than the expiration of the term of such Option as set forth in the Option Agreement). In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following the termination due to Optionee's Disability. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(d) Death of Optionee. If an Optionee dies while a Service Provider, the Option may be exercised following the Optionee's death within such period of time as is specified in the

## Table of Contents

Option Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Option Agreement), by the Optionee's designated beneficiary, provided such beneficiary has been designated prior to Optionee's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Optionee, then such Option may be exercised by the personal representative of the Optionee's estate or by the person(s) to whom the Option is transferred pursuant to the Optionee's Will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Option Agreement, the Option shall remain exercisable for twelve (12) months following Optionee's death. If, at the time of death, Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

### 11. Stock Purchase Rights.

(a) Rights to Purchase. Stock Purchase Rights may be issued either alone, in addition to, or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. After the Administrator determines that it will offer Stock Purchase Rights under the Plan, it shall advise the offeree in writing or electronically, by means of a Notice of Grant, of the terms, conditions and restrictions related to the offer, including the number of Shares that the offeree shall be entitled to purchase, the price to be paid, and the time within which the offeree must accept such offer. The offer shall be accepted by execution of a Restricted Stock Purchase Agreement in the form determined by the Administrator.

(b) Repurchase Option. Unless the Administrator determines otherwise, the Restricted Stock Purchase Agreement shall grant the Company a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's service with the Company for any reason (including death or Disability). The purchase price for Shares repurchased pursuant to the Restricted Stock Purchase Agreement shall be the original price paid by the purchaser and may be paid by cancellation of any indebtedness of the purchaser to the Company. The repurchase option shall lapse at a rate determined by the Administrator.

(c) Other Provisions. The Restricted Stock Purchase Agreement shall contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator in its sole discretion.

(d) Rights as a Stockholder. Once the Stock Purchase Right is exercised, the purchaser shall have the rights equivalent to those of a stockholder, and shall be a stockholder when his or her purchase is entered upon the records of the duly authorized transfer agent of the Company. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Stock Purchase Right is exercised, except as provided in Section 14 of the Plan.

12. Transferability of Options and Stock Purchase Rights. Unless otherwise determined by the Administrator, an Option or Stock Purchase Right may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee. If the Administrator makes an Option or Stock Purchase Right transferable, such Option or Stock

Purchase Right shall contain such additional terms and conditions as the Administrator deems appropriate.

13. Formula Option Grants to Outside Directors. All grants of Options to Outside Directors pursuant to this Section shall be automatic and nondiscretionary and shall be made strictly in accordance with the following provisions:

(a) All Options granted pursuant to this Section shall be Nonstatutory Stock Options and, except as otherwise provided herein, shall be subject to the other terms and conditions of the Plan.

(b) No person shall have any discretion to select which Outside Directors shall be granted Options under this Section or to determine the number of Shares to be covered by such Options.

(c) Each person who first becomes an Outside Director following the effective date of this Plan, as determined in accordance with Section 7 hereof, shall be automatically granted an Option to purchase thirty two thousand (32,000) Shares (the "First Option") on the date on which such person first becomes an Outside Director, whether through election by the stockholders of the Company or appointment by the Board to fill a vacancy; provided, however, that an Inside Director who ceases to be an Inside Director but who remains a Director shall not receive a First Option.

(d) Each Outside Director shall be automatically granted an Option to purchase eight thousand (8,000) Shares (a "Subsequent Option") on the date of the annual meeting of the stockholders of the Company, if as of such date, he or she shall have served on the Board for at least the preceding six (6) months.

(e) Notwithstanding the provisions of subsections (c) and (d) hereof, any exercise of an Option granted before the Company has obtained stockholder approval of the Plan in accordance with Section 20 hereof shall be conditioned upon obtaining such stockholder approval of the Plan in accordance with Section 20 hereof.

(f) The terms of each Option granted pursuant to this Section shall be as follows:

(i) the term of the Option shall be ten (10) years.

(ii) the exercise price per Share shall be 100% of the Fair Market Value per Share on the date of grant of the Option.

(iii) subject to Section 14 hereof, the First Option shall vest and become exercisable as to twenty five percent (25%) of the Shares subject to the First Option on each anniversary of its date of grant, provided that the Optionee continues to serve as a Director on such dates.

(iv) subject to Section 14 hereof, the Subsequent Option shall vest and become exercisable as to twelve and one-half percent (12.5%) of the Shares subject to the Subsequent Option on the first day of each month following its date of grant, provided that the Optionee continues to serve as a Director on such date.

14. Adjustments Upon Changes in Capitalization, Merger or Change in Control.

(a) Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of shares of Common Stock that have been authorized for issuance under the Plan but as to which no Options or Stock Purchase Rights have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option or Stock Purchase Right, the number of Shares that may be added annually to the Plan pursuant to Section 3(i), the number of shares that may be granted pursuant to the automatic grant provisions of Section 13, and the number of shares of Common Stock as well as the price per share of Common Stock covered by each such outstanding Option or Stock Purchase Right shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been “effected without receipt of consideration.” Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option or Stock Purchase Right.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Optionee as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for an Optionee to have the right to exercise his or her Option until ten (10) days prior to such transaction as to all of the Optioned Stock covered thereby, including Shares as to which the Option would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option applicable to any Shares purchased upon exercise of an Option or Stock Purchase Right shall lapse as to all such Shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Option or Stock Purchase Right will terminate immediately prior to the consummation of such proposed action.

(c) Merger or Change in Control. In the event of a merger of the Company with or into another corporation, or a Change in Control, each outstanding Option and Stock Purchase Right shall be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. With respect to Options granted to an Outside Director pursuant to Section 13 that are assumed or substituted for, if following such assumption or substitution the Optionee’s status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Optionee, then the Optionee shall fully vest in and have the right to exercise the Option as to all of the Optioned Stock, including Shares as to which it would not otherwise be vested or exercisable.

In the event that the successor corporation refuses to assume or substitute for the Option or Stock Purchase Right, the Optionee shall fully vest in and have the right to exercise the Option or Stock Purchase Right as to all of the Optioned Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option or Stock Purchase Right becomes fully

## Table of Contents

vested and exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Optionee in writing or electronically that the Option or Stock Purchase Right shall be fully vested and exercisable for a period of fifteen (15) days from the date of such notice, and the Option or Stock Purchase Right shall terminate upon the expiration of such period.

For the purposes of this subsection (c), the Option or Stock Purchase Right shall be considered assumed if, following the merger or Change in Control, the option or right confers the right to purchase or receive, for each Share of Optioned Stock subject to the Option or Stock Purchase Right immediately prior to the merger or Change in Control, the consideration (whether stock, cash, or other securities or property) received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or Stock Purchase Right, for each Share of Optioned Stock subject to the Option or Stock Purchase Right, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or Change in Control.

15. Date of Grant. The date of grant of an Option or Stock Purchase Right shall be, for all purposes, the date on which the Administrator makes the determination granting such Option or Stock Purchase Right, or such other later date as is determined by the Administrator. Notice of the determination shall be provided to each Optionee within a reasonable time after the date of such grant.

### 16. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

(b) Stockholder Approval. The Company shall obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Optionee, unless mutually agreed otherwise between the Optionee and the Administrator, which agreement must be in writing and signed by the Optionee and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Options granted under the Plan prior to the date of such termination.

### 17. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares shall not be issued pursuant to the exercise of an Option or Stock Purchase Right unless the exercise of such Option or Stock Purchase Right and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

## Table of Contents

(b) Investment Representations. As a condition to the exercise of an Option or Stock Purchase Right, the Company may require the person exercising such Option or Stock Purchase Right to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

18. Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

19. Reservation of Shares. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

20. Stockholder Approval. The Plan shall be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted. Such stockholder approval shall be obtained in the manner and to the degree required under Applicable Laws.
